

Angels of Assisi's MasCAT Program

Be part of a wonderful program that pairs long term resident cats of **Angels of Assisi** in Roanoke with area businesses. "What is so wonderful about the MasCat program is that felines that have been passed over for months seem to SHINE in their new settings" states **Diane Novak**, MasCat Program Director.

"While mingling with customers or clients, the kitties 'market' their special personalities while creating a fun atmosphere for patrons"

Join local Roanoke businesses, Birkenstock Shoes, Renaissance Realty and Oakey's Funeral Home and become an official MasCat home.

All MasCats arrive sterilized, vaccinated, and de-wormed. Assisi will continue to care for the cat's medical needs while MasCat Businesses agree to supply food and litter. For more information, and photos of potential MasCats, please email diane@barncatbuddies.org or leave a message on at Angels: 344-8707 ext. 3

Some of Our MasCat Potentials:

Memphis:

Bert:
